**Because of the overwhelming response of researchers this year too, and the ZSP policy of encouraging young speakers during the academic sessions, the following oral presentations could not be adjusted in the allocated time in the academic sessions. The speakers listed below are advised to contact Chairperson(s) of different academic sessions for adjustment in their respective sessions.**

**Keeping in view the experience of previous years, more speakers have been enlisted in various sessions than possibly can be accommodated and it is expected that Chairpersons and Co-chairpersons will make necessary adjustments in their session, with an aim to accommodate as many speakers as possible during their session.**
