FIRST ANNOUNCEMENT

Cancer 04

**UICC World Conference for Cancer
Organizations / Dublin 2004**

Working together ...

reaching new horizons

The main objectives of the Conference are; to provide the opportunity for the professional development of those working in cancer organizations worldwide; to present models of 'best practice' in the wide range of activities covered by cancer organization; to create an environment in which knowledge, skills and experiences are shared among all countries irrespective of culture an economic status and to encourage ongoing cooperation between the range of cancer organisations represented at the Conference.
